FAMILY INDEPENDENCE SERVICES SECTION

ANNUAL OUTCOME MEASURES SEND TO FVPSA ADMINISTRATOR

Effective 2008 grantees are required to collect outcome data from each program area where service is delivered. Indicate how many clients completed surveys within a contract term and how many YES responses you received to each of the outcome questions for (domestic violence and/or sexual assault) survivors. FSSA recommends that this information is captured twice once on a State fiscal calendar and a Federal fiscal calendar for current contracts. Do not send percentages; only actual numbers. If you did not collect outcome information for a particular service below, write in N/A (not applicable).

Outcome questions: FSSA recommends that you capture survey information and report the findings separately. (check box when appropriate)

1. Report on the number of survivors who have strategies for enhancing safety. ☐ D. V. ☐ (S. A.)
2. Report on the number of survivors who have knowledge of available community resources. ☐ D. V. ☐ (S. A.)

Shelter

_____ # surveys completed _____ # of yes responses to resource outcome _____ # of yes to safety outcome

Support Services and Advocacy

_____ # surveys completed _____ # of yes responses to resource outcome _____ # of yes to safety outcome

Support Groups

_____ # surveys completed _____ # of yes responses to resource outcome _____ # of yes to safety outcome

Counseling

_____ # surveys completed _____ # of yes responses to resource outcome _____ # of yes to safety outcome

TOTALS

_____ **0** _____ **0** _____ **0**
